# Invitation

Dear Colleagues,

On behalf of the Organising Committee, we warmly welcome you for HIV Congress 2014 which is being held in Mumbai from 21<sup>st</sup> to 23<sup>rd</sup> March, 2014. This grand event is eagerly awaited by the medical fraternity globally. The Academic partners of this conference are API (Association of Physicians of India), Centre for the AIDS Program of Research in South Africa (CAPRISA) and University Hospital Bazel, Switzerland.

HIV Medicine constantly evolves with some new surprises and is dynamically undergoing a change with time. This is particularly true about the antiretroviral therapy (ART) and its rapidly increasing resistance. The theme of this conference is 'Cure for HIV: Hope or Hype'.

A galaxy of faculty are lined up for scientific session, both national and international, to share their experiences with everyone. You will surely enjoy this scientific feast and we look forward to a healthy scientific interaction at HIV Congress 2014 between the delegates and the Faculty. To encourage the ongoing research in HIV, we plan to have a session for research paper presentation with best paper award. The scientific sessions by guest speakers would be intermingled with interesting case study / observational study from National faculties. The venue, The Hotel Taj Lands End a five star deluxe oasis of luxury and tranquility, is situated at Bandra in Central Mumbai.

We hope that you cherish wonderful memories of this scientific feast for the years to come.

Yours sincerely,

Milind Nadkar
